EX-PEACH KINGS WILL BATTLE ALL-STARS IN BENEFIT GAME

Crack Thompson Products Team Of St. Catharines With Georgie Zuke On The Mound Will Cross Bats With A Smart Fruit Belt Outfit Tomorrow Night At School Grounds.

It looks like a big night for ball fans at the local ball yard tomorrow (Friday) night when the big benefit game for one Don Miguel Sweet will be staged. This game from the sports pinnacle looks like it will be one of the best ever pulled off on the local lot.

As visiting team we have no less an outfit than the Thompson Products team from St. Catharines and stacked against this outfit will be an all-star aggregation picked from the Fruit Belt League. This Teepees team for some years past has been considered one of the best Senior "A" teams performing in the O.A.S.A. They have in past years knocked off a couple of championships and been in the final playdowns a half a dozen times.

This year Teepees are stronger than ever, particularly in the pitching box where our own Peach King centre ice player, little Georgie Zuke, has been doing a terrific job. The lad may be small in stature but he is big in softball pitching. Then along with him we have that grand lad, Tufford The Earl, who for eight years wore a Peach King hockey uniform. The native son of Beamsville has been a member of Teepees for some years and holds all the batting records for home runs and base hits that it is possible for one man to hold in the O.A.S.A. He patrols the right field. He was a swell right winger for Peach Kings and he is just as swell a fielder for Teepees.

GRIMSBY LETTERS GET FAST PLANE SERVICE

Reach Almost Any Point In Canada In 24 Hours—Only Food Parcels Get Priority.

Patrons are reminded that gift parcels to Great Britain to receive priority must contain only food. Some are being received containing other articles and such parcels are forwarded by ordinary mail.

Before mailing make sure your letters are fully prepaid, nothing is more annoying than having to pay double the deficiency when a letter is received by the addressee.

The use of standard size envelopes and cards speeds delivery. Cards and envelopes smaller than 3 inches by 4 inches may be lost or at least delayed in the mails—one larger than 4 inches by six inches may have to be folded and thereby damaged.

The increased plane service to Western Canada helps speed delivery of Air Mail letters. Letters posted by 7.00 p.m. at the Local P.O. will reach almost anywhere in Canada on the next day.

PEACH KING DAIRY STARTS DELIVERY

Grimsby's new dairy, The Peach King Dairy, has commenced the daily delivery of milk in town. All deliveries will be made early in the morning before nine o'clock.

Deliveries will be made of Guernsey, regular, homogenized and Krimko chocolate milk, cereal cream, whipping cream, cheese and butter.

As yet the new delivery trucks have not arrived and deliveries are being made by car.

The operators of the Peach King Dairy are Thompson and Son, who recently opened the new Peach Dairy Bar on Main east.

PEACH PRICES SET

The report of the arbitration board on the price and grade of peaches was announced last Thursday. The board, necessitated by the inability of canners and growers to agree on prices and grades, comprised W. I. Dryan for the canners, W. C. Nickerson for the growers and Judge Currey of the Manitoulin Islands, arbitrator.

The Board concurred in last year's agreement as to price and grades for the current season.

The price to the canners will be "V" varieties four and one-quarter cents a pound, \$85 a ton; Elbertas, four and one-half cents a pound, \$90 a ton; Jubilee, five cents a pound or \$100 a ton.

WELL, WELL! LOOK WHO'S HERE

There were not many homes between Stoney Creek and Jordan, up to a few years ago, that this trio had not splashed paint and threw paste and wall paper around in. This picture was taken a good many years ago and at least one of them is still on this mortal coil. Who are they?

GRAPE GROWERS OF CLINTON CLAIM GOVERNMENT COERCION

HOSPITAL OPERATION CLOSE TO ESTIMATE

442 Patients Admitted First Six Months Of This Year—130 Operations Performed—113 Babies.

An interim report of West Lincoln Memorial hospital for the first six months of 1947, ending June 30th, shows that the hospital is operating pretty close to the estimated budget. While some items used are down in price, drugs and supplies have increased, but on the whole the institution is very close to the estimated cost of operation.

During the six months period the total admissions to the hospital were 442; there were 130 operations and 113 deliveries; 220 X-Ray examinations; 3,229 patient days; total patients treated 546 and the average stay per person was seven and one-half days.

Despite many handicaps the hospital has met all requirements and many expressions of appreciation for the service have been received.

The Medical Council have requested the Board of Directors to provide an additional 24 beds. A request for additional space including laundry has been taken up with the Department of Health, Toronto.

In keeping with the Municipal subsidy arrangement, five municipal councils are now represented on the Board of Directors.

BIG ADVENTURE FOR CHILDREN

Entering School For First Time In September Will Be A Big Event In The Eyes Of Many Little Tots—Parents Should Have Child Thoroughly Examined By Family Physician.

During the next couple of weeks, many parents will be getting their young child ready to go to school this fall, because some hundreds of children always enter school for the first time in September. Unfortunately, comparatively few parents really take the proper steps to see that a child is fit for his first big adventure, because the first day of school is a big event in the life of any child.

Responsibilities increase for both the child and the parent, but the child cannot know what should be done for him so the entire responsibility for his health rests on the parent.

At many schools the principal will arrange for parents of the young child to register with the school. This gives the principle an opportunity of knowing how many to prepare for, and it gives the teachers in the junior grade a good opportunity of meeting the parents. Some schools have a regular day and invite parents and children to be present. At these meetings a public health nurse is usually present to answer any questions.

HIGH SCHOOL PUPILS SET A HIGH RECORD

16 Of 21 Candidates Passed All Their Departmental Examinations In Upper School—This Is Exceptional Average.

By ART BRYDON

Grimsby High School's retiring principal P. V. Smith has reason to be proud of himself and his 1946-47 staff. The results of the annual departmental examinations were released this week and they provided a reason for great exultation among the students of last year's upper school class. The complete results are printed herewith and if you examine them closely you will see that 16 of the 21 candidates passed all the exams that they tried. We think this is an exceptionally good average and the Independent offers its congratulations to Mr. Smith and his staff on a job well done.

Pupils made good showing with 88% of all exams passed successfully.

WATERWORKS SYSTEM TAXED TO CAPACITY

Hot Wave Causes Consumers To Use Great Quantities Of Aqua Pura—Fruit Growers Pleased.

The extremely hot and humid weather of the past five days has placed a tremendous strain on the waterworks system. While no new record, for a 24 hour day pumping had been set up, still the system was dangerously overloaded.

Supt. Andy Henderson states that the high record for one day had been very close to being shattered on three days, but up until noon on Wednesday it still remained intact.

Owing to the very small capacity of the reservoir it has been necessary to keep the electric pumps going 24 hours a day and to use the gasoline pump every day for some hours. On Tuesday the gas pump was used for five hours steady.

Grimsby farmers over the hill say that rain is badly needed but as yet the crops have not been damaged although they are getting near the danger point.

Fruit growers are not pessimistic over the heat as they claim it is more or less beneficial to the fruit and will hasten the ripening of the peach crop.

ONTARIO MILK BOARD CAN'T RULE THE TOWN OF GRIMSBY

THE "BOSS MAN" AND HIS SONS

This impromptu picture was snapped at Vineland recently by The Independent Staff Photographer, Robert All-drick, and depicts Brigadier Armand A. G. Smith (centre) and his two sons, Major Llewellyn Smith (left) and Mr. Alastair Smith (right). The occasion was the annual picnic of the employees of E. D. Smith and Sons, Winona.

MANY MEN UNCONSCIOUSLY BENEFIT THEIR FELLOW MAN

NEW MINIMUM RATE FOR WATER CONNECTION

Councillor Mitchell Claims It Is Too High And People Are Being Penalized For Using Water.

In the opinion of Councillor Wm. Mitchell, North Grimsby council are penalizing the people of the township who wish to have water services. He contended at township council session on Saturday that the charge of \$30 for making a water connection, as provided for under the recently passed waterworks bylaw, was excessive and would stop citizens from taking water. Council did not concur with him in this argument.

Under the new bylaw a citizen must first make application to the Township Clerk for a permit to have a water connection made.

The cost for making the connection including water meter, will be a minimum of \$30, which the applicant must pay before the water is turned into the service. In some cases the connection cost will be much higher according to what it costs over and above the minimum to make the connection.

A new set of mobile steps have been completed at the Nelles Road bathing beach at a cost of \$106, of which the Lions Club will pay one half. The road allowance at this point has been widened and levelled and a fair sized parking space for angle parking has been provided. A

DR. MATHER ASSUMES NEW MEDICAL DUTIES

(Burlington Gazette, Aug. 7th)

Dr. J. M. Mather, the newly appointed head of the Halton County Health Unit, will commence his duties in the county next Monday. Under the new set-up all Boards of Health, Medical Health Officers and Sanitary Inspectors throughout the county, cease to be, and the entire Health set-up comes under the County Unit. Assisting Dr. Mather will be other Medical men, Sanitary Inspectors and Health Nurses. Dr. Mather has been engaged for the past few months in Lincoln County. He expects to take up residence in Burlington or the vicinity as soon as he can secure a house.

The first couple of weeks will be spent in organization work and becoming acquainted with the medical men of the county. Dr. Mather stated to the Gazette, while on a visit to our office last week, but he fully expects to have this new system in operation by September.

That Was Most Emphatically Emphasized Last Night At Town Council Meeting—Grant License To Peach King Dairy To Peddle Milk Anywhere In The Town—Council Will Not Stand For Dictatorship.

Without pulling any punches, and being most emphatic and direct in their statements, Town Council in regular session last night passed a motion that plainly and bluntly told the Ontario Milk Board that they could not run the Town of Grimsby.

Mayor Henry Bull, backed up by every member of council, was most emphatic in his statement that the people of Grimsby had passed through a five year war to beat Hitlerism and they were not going to stand for any more of that kind of dictatorship right here at home.

In the words of Mayor Bull "this is a democratic country and cannot and will not be run by people from the outside without the people concerned having a say in the matter. Moreover, we are not going to stand for a monopoly."

There is not a doubt in the world that Town Council is going to force this whole issue out into the open, and The Independent is backing them to the last ditch. They are going to find out who is running the Town of Grimsby, the Ontario Milk Board, or the Town Council, who are the elective members of the people of the Town of Grimsby. To back up their decisions, the following motions were introduced and passed unanimously:

Hewitt-Price—That this council authorize the Clerk to write the Ontario Milk Board, that this council has given the

PROMINENT DISTRICT PHYSICIAN CALLED HOME

DR. C. W. ELMORE

After many years of untold service in a little community, Dr. Cameron W. Elmore, coroner for Lincoln County and medical officer of health for Clinton Township and Beamsville, died Tuesday afternoon at the family residence, Beamsville. Loved, respected and admired, the genial doctor has for nearly 40 years held the trust and confidence of a large practice. During the long war years, although not well himself, he carried on alone in a community which needed three doctors. With his death, an era has come to an end. He was a real family doctor, one who cared for the sick and was interested in the problems of the well.

(Continued on page 10)

PLUM, PEAR PRICES

Representatives of canners and growers met in Hamilton last Friday to set the 1947 figures for canning purposes. Prices arrived at were for pears, plums and prunes. The price of peaches was set earlier this week. The delegates met yesterday under the marketing scheme as set up under the Ontario Farm Produce Marketing Act. The negotiators have arrived at the following figures which are read in comparison with last year's prices.

BARTLETT PEARS—No. 1 grade sell at three and a half cents, the same as last year while No. 2's are off of and a quarter cents, slightly lower than last year's price of three and a half cents.

KIEFFER PEARS—No. 1 grade will be three cents again this year but seconds are down to a cent and three quarters from last year's price of two cents.

All varieties of plums have the same price with the exception of prunes. They were three and a quarter cents last year, reduced this year to two and three quarter cents. There was an open price on prunes last year so that no comparison is possible. The 1947 price is four cents a pound.

FACTS & FANCIES

Frank Fairborn, Jr.

THE TRUTH

A wise man said the other day that perhaps one reason the dollar will not do as much for you as it used to is the fact that no one wants to do as much for a dollar as they used to.

Isn't that the truth?

RULES FOR A SHORT LIFE

To create the impression that you are a very busy man, always speed up when approaching intersections.

When passing others cars pick out a suitable spot on a hill or curve. There's no fun in passing on the straightaway.

Use only half the road, but be sure it's the middle half. Then you won't run over the edge.

Considerable time may be saved in driving out of alleys by stepping on the gas just before reaching the sidewalk.

Pay no attention to grade crossings. Let the engineer do the worrying. He gets paid for watching the right-of-way.

Don't wait for the green light. It will be along in a minute, anyhow; a red one will do in a pinch.—Guelph Mercury.

TOO MANY HITCHERS

Travelling along our highways reveals that there are more hitch-hikers than ever, comments The Windsor Star. There are few men in uniform seeking rides today, but the civilian roadside solicitors seem to be on the increase. It is approaching the proportions of a major nuisance.

Except in rare cases, there is no excuse for hitch-hiking. Most of those engaging in the pursuit are quite able to pay their fares wherever they wish to go, and are merely trying to save some money at the expense of others, and usually only for the purpose of taking pleasure jaunts.

Hitch-hiking is dangerous. In the first place, the wise motorist does not pick up strangers, because he should know of many cases in which such charity has merely given the opportunity for robbery or worse. Aside from this angle, the importunate ones too often encroach on the highways themselves, causing traffic hazards. In the rare instances where drivers stop to offer a lift, their very action endangers those coming behind them, with the heavy travel at present on the roads.

THE FRIENDLY SPIRIT

One of the best ways of convincing yourself that most of your fellow citizens are, after all, pretty friendly and kindly folk, is to take a vacation tour by automobile. Provided you go about it in the right way, you can really meet people and talk to them. And it has the advantage that you meet them on their own ground, in their native environment, rather than on the artificial basis which would result if they too were on vacation.

You will meet all sorts of people this way, says The Chatham News.

Such a trip will bump you up against filing station employees, garage men, inn keepers, housewives who have "Rooms for Tourists" on signs in front of their homes, tea room hostesses, lunch counter waitresses, and an infinite variety of chance acquaintances in other automobiles. And nothing could be much more surprising, or pleasing, than the way in which ninety-nine per cent of these people will turn out to be men and women whom you are glad to have for fellow countrymen.

Perhaps the automobile has brought a change in our national character; perhaps the people of this country always were agreeable; whichever way it is, there isn't any medicine much better for a man than the series of personal contacts that arise during an extended tour.

You can travel thousands of miles without finding for instance, a filling station man who doesn't go out of his way to be helpful and obliging. You could usually write on a

postage stamp the names of all the people at overnight stopping places who are anything but exceedingly pleasant. A telephone booth could hold all of the peevish or inattentive waitresses you are likely to encounter. And if you get through a moderately long trip without encountering a good many other tourists whom you would really like to know, you are less fortunate than most.

All of this, of course, is an old story to anyone who has done much cross-country driving. But it is worth repeating, somehow, for it provides a wholesome and encouraging background for the day's grist of news, which now and then does get a little depressing.

Read the day's record of our follies, our crimes and our passions, and you sometimes are brought close to despair. Get out and see your fellow-countrymen as only a roving motorist can see them, and you revive your faith.

TIME FOR THOUGHT

Take time out for thought—spend a few minutes each day in considering the other fellow, in considering your own actions and deeds. And when you are in that frame of mind take counsel from the following excerpt taken from an Episcopal Church paper as published in the bulletin of St. Thomas' Church:

1. You cannot bring about prosperity by discouraging thrift.
2. You cannot strengthen the weak by weakening the strong.
3. You cannot help small men by tearing down big men.
4. You cannot help the poor by destroying the rich.
5. You cannot lift the wage-earner by pulling down the wage-payer.
6. You cannot keep out of trouble by spending more than your income.
7. You cannot further the brotherhood of man by inciting class hatred.
8. You cannot establish sound security on borrowed money.
9. You cannot build character and courage by taking away a man's initiative and independence.
10. You cannot help men permanently by doing for them what they could and should do for themselves.

SHORT SHIFT

In the newspaper world the day of personal journalism is gone, but recollections of the colorful era still crop up.

In the midst of a bitter rivalry between two small Southern newspapers some years ago, one of the editors stole a march on the other by slipping a new high-speed press into his establishment one night under the cover of darkness, and announcing grandly soon thereafter:

"Fellow-citizens you are invited to come and see our magnificent press next Tuesday. This press, which will print, cut and fold 10,000 copies of an eight-page paper in an hour will be placed in operation at exactly 3 p.m.

To which the rival journal rejoined with

'WAY BACK WHEN

Frank Fairborn, Jr.

FIRST SUNDAY CARS FIFTY YEARS AGO

Innovations in public services often meet with a hostile reception. When electrical horsepower was substituted for animal horsepower on Toronto street cars in 1892, the opposition which developed included a newspaper which said that the telephones would be put out of business and pedestrians slaughtered if this outrage were permitted.

At that time another street railway issue was being hotly debated—one which was to be fought for years and which resulted in a particularly bitter controversy because it involved religious beliefs. The issue was Sunday street cars. And while the first vote was taken in 1892, it was not until 1897 that Sunday cars were finally approved on a third appeal to the electors. They were first operated on May 23 of that year. Last Friday was the fiftieth anniversary of Sunday street cars in Toronto.

Sunday transportation is today regarded as so much a matter of course that it is difficult to realize the bitterness of the division which the issue caused in the nineties. The Sunday proposal was defeated in 1892 by 3,836 votes, in 1893 by only 973 votes, and carried on May 15, 1897, by a majority of only 321.

The late Hon. Sam Blake, a leading churchman, a lawyer of unusual ability, and a man with a sharp tongue which he did not hesitate to use to the discomfort of those having opposite views, led the anti-Sunday-cars forces. Many of Toronto's most prominent citizens enlisted under his banner. White Mr. Blake, a low churchman, denounced the proposed innovation, another Anglican, Rev. William Clark, D.D., of Trinity university, led the high church party which supported the change. At a meeting of Anglican clergy in 1891, the bishop and 87 ministers were against Sunday cars, Canon Dumoulin and 7 others in favor.

The anti-Sunday cars operation of Sunday cars not only on the score of Sabbath-breaking, but on account of the noise they would make; a disturbance, it was claimed, of Sunday services. Sir Frank Smith, at that time president of the street railway company, was a Roman Catholic, and some opponents made the remarkable charge that Sunday operation was "a Romanist trick." Most Catholics favored it, but not on Sir Frank's account.

The argument that Sunday cars would enable working people to take their children to the beaches proved somewhat of a boomerang because of the anger it aroused in many quarters. In fact all phases of the discussion seemed to result in anger. The issue became so hot that there were fights at some of the public meetings. Families were divided. Neighbors did not speak. There has probably been no such division of opinion in Toronto on any question since that time. There was even a campaign song to the tune of "Marching Through Georgia," and the last line was "No Sunday cars for Toronto."

Nowadays, when private and public transportation crowds the highways, the struggle against Sunday street cars in the 1890's seems unreal. But there can be no question of the sincerity of those who voted in opposition. And however mistaken they may have been, they had a religious zeal which has its place in the life of any city.

this helpful suggestion:

"Be punctual, fellow-citizens, when you go to see that grand new press Jim Bascomb is bragging about. Be there promptly at three. For exactly at 3:04 his entire circulation will have been printed and can call it a day."—Wall Street Journal.

Man is the only animal that can be skinned more than once.

Always do right. This will gratify some people and astonish the rest.

There is only one rule for being a good talker; learn to listen.

E.D. SMITH'S PICNIC

good fellows and gals get together for a days fun you never can tell what will happen. In the top picture we see a bunch of E. D. Smith and Sons puchritudinous lassies havir lower photo The Independent Staff Photographer, Robert Alldrick, snapped a group of male

Eaton's order office has a new coat of paint.

Lady Byron Dress Shoppe has a new coat of paint.

Who is the man that went swimming in the goldfish pond on Main west.

It is not true. Bob Hillier does not wear a girdle. Ask him and he will show you.

The Russ apartment block has been sheeted with fire-proof "brick" sheeting. A great improvement.

Every day is Saturday in Grimsby stores. Those cash register bells are Sweet Music to my ears.

Supt. of Works Lawrie casting his critical eye over the Statutory Labor job that Herb. Betzner and ex-Reeve Mogg did on Kidd avenue.

Who is the local fisherman that went up North and took his feather bed with him? And who is the gazooka that caught the chunk of cordwood?

Those are three nice houses and properties that the soldier boys have built on Upper Oak street. One of them even has a miniature fence around it.

Believe it or not, but "Fish and Tackle" Scott has blossomed out as a meteorological expert. He is recording Grimsby weather in the absence of Vernon Tuck.

Despite long hours, hard work and the hot weather, this columnist has put on three pounds in weight in the past month. Reason? Four Peach Bar milk shakes a day.

Prexy Tom Collins of Winona, taking the Fruit Belt League silver cup into Starr Jewellery Store to get a silver shield on it, proclaiming to the world that Winona are softball champions.

This columnist was queried the other day, "had your holidays yet?" The answer was "No, do you realize that policemen and newspapermen never take holidays? If we did what would become of you poor mortals in our absence?"

If "Bob" Beamer and his Maple Grove Farm (fresh eggs, fresh milk, no wonder the city people all get fat) doesn't put a down town office in operation next year, 'The Independent is going to charge him a commission for information services.

It's too bad that Chief Turner did not see, and lock up, those six light-headed farmerettes that were doing the zig-zagging performance down the centre of Main Street on Thursday night. If a motorist had clipped one of them whose fault would it have been? That stuff is all right on carnival nights when everybody is doing it, but not on ordinary nights.

This columnist is of the opinion that Halton County is going to be not only a more healthy county, but a better county in a lot of ways, now that Dr. "Jimmy" Mather has taken command of things. I know that Eddie Harris, Editor of The Burlington Gazette is not going to like this crack, but it is Eddie's own fault. He is the man responsible for the establishment of a Health Unit in Halton and the taking of Dr. "Jimmy" from our midst.

Don't blame it all on the fruit grower. Put a little of the blame on the shyster storekeeper in the small towns and the big towns for that matter. Last week a Grimsby man stopped in front of a grocery store in a small burg in Western Ontario. On display were a bunch of puny peaches. On the basket handles was the name of a well known Fruit Belt grower. This man made the remark "that man never picked and shipped that 'crop'." He was overheard by the grocer. On his return trip the man stopped at the store again. The name of the fruit grower on the baskets had been stricken out by crayon. That grocer was trying to make capital out of that grower's name and reputation for quality fruit. Mr. Grocer should be prosecuted.

This is a tough world. Harry Biggar, the Fruitland Cherry King goes out and wins another Futurity with his good trotting colt, that makes two this year, one last year, and he is headed, without doubt to cop the big \$5,000 Futurity the latter end of this month. Old Sep Pullin, past the 70 year mark, down in Goshen, N.Y., last week won his second Hambletonian Stake behind that good Scotch trotter, Alex Mon. The blood is stirring on Main street. Yours Scott, Jimmy Lawrie, West The Barber and races. Truly decided to buy a good colt and go to the MA SAYS NO. Now what are you going to do my a woman like that. Kirby Betts, you can have the quarter. SH-h-h-h-h-h, I'll bet you when he next year's Futurity. Ma will be there and put wreath of Cole's roses around his neck.

You may often regret your speech, but seldom will regret your silence.

Many a man gets a job on a blast furnace to keep the home fires burning.

The only man who ever succeeded through watching the clock was a train dispatcher.

It is true there is always room at the top, but it is not reached by one who sits down and waits for an elevator.

BIG ADVENTURE

in regard to health that the parent may ask.

You all realize that health is a child's greatest asset; on it depends to a great extent the length of time he will live and the happiness he will derive. If people are to be healthy in adult life, parents must make sure that the child is as healthy as possible, and he must be protected against all unnecessary illness.

During the summer the child should be carefully examined by the family physician to see that he is physically fit for the arduous routine which will be his for the next several years. Our educational system is based on a child having normal hearing and vision; we know that a defect of either may be responsible for a child not making good progress in his school work, so the physician examining a child will pay special attention to hearing and vision.

The throat is carefully examined to make sure that the tonsils are not enlarged. If they are large enough to cause difficulty in breathing, or if there is a history of chronic tonsillitis, then it may be wise to have them removed. This is especially true if the glands in the neck are enlarged or if the physician finds that the tonsils are diseased; because rheumatic fever, heart disease or joint infections, may follow periodic attacks of tonsillitis. If the child is a mouth breather adenoids may be preventing him from growing properly; if this is the case, then these should be removed.

The heart is perhaps the most important organ in the body which should be examined before the child starts school, as much more strain is put on the heart than ever before. Examination of this organ must be made carefully, and if any defect is found, written instructions should be given by the physician to the principal of the school so that the school work may be so regulated that the child's heart will not be given extra strain during his school life.

ing his is important when Post of the health of a child; thinking physician should show then the to stand and walk him hownd the parent should correctly, and the child follows make sure tucions. During his out these instrutions system of a school life the nosiderable extra child is put to cons should look strain, so the physician sh... in for the beginning of nervous instability, which if found early may be cured. The first sign many of these conditions twitching of the muscles of

face of eyes; should the parent notice this, the child should be examined at once. His whole future may depend on early recognition of this early symptom of a severe nervous disease called "chorea" or "St. Vitus Dance."

In his examination the physician will look over the child from head to foot. The physician will discuss with the parent whether or not the child's diet is sufficient and correct. The physician will also discuss with the parent the question of immunization, because the child who starts to school is in close contact with other children; because of this, most of communicable diseases are contracted during the school year. If the child has not been protected against smallpox, diphtheria, and whooping-cough, then the physician should immunize him against these diseases. If the child has previously been protected, then re-inforcing doses of these preventive mediums should be given.

Not only should the child be examined by a physician before he starts to school, but during the summer the child's teeth should be carefully examined by the family dentist, not only to make sure that the baby teeth are in good repair,

but that others coming in may be properly spaced. No child should have a toothache, and he will not if all cavities are found early and filled. The dentist will discuss with the parent about the six year old molar which is the first permanent tooth to appear. Unfortunately, few parents realize that this is the first of the permanent set, it is so often considered a baby tooth and before the parents realize it, the tooth is decayed beyond repair. If this happens the whole structure of the child's jaw is changed and damage is done which is almost impossible to repair.

HA...FEVER NOTE

Sufferers from hay-fever and so-called "rose colds" should avoid swimming during seasons when they are most subject to those unpleasant disabilities, according to health authorities. Those who suffer severely from hay-fever are advised to think twice before they go swimming at all. Chronic inflammations of the nose and throat make this advisable.

HUDSON BAY BOSS

Among the arrivals in New York on the S.S. Queen Elizabeth was Sir P. Ashley Cooper, governor of the Hudson Bay Co. and a director of the Bank of England—the "Old Lady of Threadneedle St."—which was recently nationalized by the Labor government of Britain.

HANDS AT WORK...

LEARNING REFRIGERATION

ONTARIO'S productive capacity is the measure of her future prosperity. To assure this province a prominent place in domestic and foreign trade markets, skilled hands are needed. Increased production of refrigeration units will mean a greater need for skilled servicing. Veterans, basically trained in schools and ON THE JOB, will fill this need as they are absorbed into industry. For those who have mastered skilled occupations, higher wages, job security and better working conditions are within easier reach.

Through plans sponsored by the Department of Veterans Affairs and other agencies, hundreds of young workers are being trained for refrigeration servicing. Graduates of training schools are ready now to take their places in industry. Craftsmen of the future, they will have a share in Ontario's progress—an important part to play in her industrial development.

REFRIGERATION

D. C. Guiry, 23, of Toronto, a veteran of 15½ months' service in the Royal Canadian Air Force, is shown checking the operating pressures on a domestic training unit.

The Refrigeration Course gives the student a theoretical and practical knowledge of domestic, commercial and air conditioning units.

Developing and Printing

Mrs. Edward Cowell is visiting her son, Orland, in Tonawanda, N. Y.

Mrs. Mabel Glover, South Boston, Mass., is visiting her niece, Mrs. F. Hitchman.

J. O. and Mrs. Spence are on a motoring trip to the Maritimes and the New England states.

Mr. and Mrs. Alec Anderson have returned from a week's visit with relatives in Detroit.

Edwin Wilson, Toronto, was a Sunday visitor at the home of his aunt, Mrs. A. R. Hayhoe, Elizabeth St.

Misses Kay Pyndyk and Lillie Laba are spending a week in Ottawa, the guests of Mr. and Mrs. George Laba.

Mrs. Estes, who has been spending a few weeks with Mr. and Mrs. Fred Reiss, has returned to her home in Hamilton.

Mr. Oscar Collins of Niagara Falls, N. Y., spent a few days with his sister Mrs. Wallace Roszell of Grassie, last week.

Professor Bertram F. Willcox, of Cornell University, and Mrs. Willcox, are the guests of Dr. and Mrs. Neil M. Leckie.

Miss Jean Hooker has returned to Hamilton after spending a week with her parents Mr. and Mrs. Wallace Roszell of Grassie.

Mrs. Lawrence McGaughey and family, of Lindsay, spent the week in Grimsby with Mr. and Mrs. Richard Gerow, Fairview Ave.

Mr. and Mrs. James Gillespie, Park Road, Grimsby Beach, will be at home to their friends on Saturday afternoon, August 16th, from two to six.

Arthur Howard, a former Grimsby resident, who now spends most of his time basking in the Florida sunshine, is renewing old acquaintance in town.

Mr. and Mrs. A. L. Nimmo, of New York City, who have been spending their vacation with the latter's parents, Mr. and Mrs. W. H. Barnim, and sister, Mrs. W. L. Byford, returned last week to their home.

Anne Marie Passer, daughter of Mr. and Mrs. Gerard Passer, Main street east, has been successful in passing her Upper School examination at St. Joseph's College School, Toronto. She wrote on 11 subjects and received 10 First and 1 Second.

The Hermitage, one of Grimsby's historical homes, owned by Mrs. J. E. Randall, direct descendant of Colonel William Nelles, who originally received this property as a land grant from the Crown, has as its guests Mr. and Mrs. Murray E. Randall and their son, Bud, of Winnetka, Ill. Mrs. Chester A. West, daughter of Mr. and Mrs. Randall, is also visiting her grandmother, Mrs. J. E. Randall, with her husband, Dr. West, and their two daughters, Suzanne and Patricia, from Evanston, Ill. The two little girls are the seventh generation to live at the Hermitage.

A New York university now has a course for traffic policemen. They probably wrote out their own ticket.

A foreign physician claims he can hypnotize bears and lions. We would like to see him try out his talent on a seven-year-old boy.

STUDY IN BLACK AND WHITE

By ALICE ALDEN

This unusual jumper style dress in black taffeta with nipped-in waist is perfect for afternoons. Complemented by the soft white blouse with enormous puffed sleeves, the little white collar smartly finished with a black bow, it makes a charming study in cool black and white.

Nuptials

BRIGNULL-HOWEY

Rev. A. C. Eddy officiated at the wedding in Centenary United Church, Hamilton, on Saturday, July 26, when Doris Vivian, daughter of Mr. and Mrs. Charles Howey, was united in marriage during a double-ring ceremony, to Mr. Ronald Clarence Brignull, son of Mr. and Mrs. George Brignull, of Hamilton, formerly of Grimsby.

The bride, given away by her father, wore a white gabardine suit, styled with a fishtail back effect, her accessories being white and her corsage of red and white roses against a background of feathers.

As matron of honour, Mrs. Cecil Baker wore a blue gabardine suit, her flowers being yellow roses. The little flower girl, Joan Stevens, was dressed in blue taffeta embroidered with pink flowers, and her corsage was sweet peas.

Mr. Leslie Brignull was best man for his brother. Later, the guests were received at the home of the groom's parents, 197 Belmont Ave. The bride's mother wore an orchid frock with black accessories and corsage of gardenias. The mother of the groom was in a black and white jersey frock with accents in white. Gardenias also formed her corsage.

After their honeymoon trip to the United States, the couple will reside in Hamilton. For going away the bride was attired in a baby blue suit, with accessories in white.

HILL-SCHMUIR

Miss Margaret Grace Schmuir and Mr. Charles Albert Hill were the principals in a charming nuptial ceremony July 26 in Calvary Baptist Church, Brantford, at 3 p.m. Rev. C. C. Boyter heard their wedding vows. The bride is the daughter of Mr. and Mrs. William J. Schmuir, 18 Lawrence St., Brantford, and the groom is the son of Mrs. Della Hill, (formerly of Grimsby) 11 Huron St., Brantford, and the late Mr. W. A. Hill. She is a granddaughter of Mrs. Elora Phipps, Grimsby.

The ceremony took place in a setting of mixed gladioli, and Mrs. J. Ruth played traditional wedding music. Accompanied by the altar by her father, the bride wore a smart white gabardine suit, with white halo hat trimmed with white lily-of-the-valley and sprays of lily-of-the-valley and veiling, matching accessories, and she carried a dainty nosegay of gladioli, red roses and orange blossoms, tied with white streamers.

In contrast was the soft blue gabardine suit of the bridesmaid, Miss Margaret Duncan. She wore a matching blue halo hat and carried a nosegay of pink roses and gladioli. Mr. Andrew Morrison was groomsmen. Musical selections rendered by Mrs. Ruth were "Because" and "O Promise Me."

A reception followed at the home of the groom's mother, where the bride's table was decorated with pink and white streamers, tall white candles and a tiered wedding cake. The bride's mother was attired in pearl grey silk jersey, cerise accessories and corsage of pink roses, and the groom's mother wore black and white crepe, white accessories and corsage of red roses. Guests were present from Grimsby, Peterborough and Detroit, as well as Brantford.

Following a honeymoon in Bala Bay, Muskoka, the couple will reside at 153 Chatham Street. For traveling the bride added green accessories and corsage of American Beauty roses to her white suit.

A blazer jacket is a good wardrobe pal since it teams up with skirts to make a smart enough suit and goes well with a simple frock. Then, too, it has a bright, casual, young look that is very much in tune with fashions at this time of year. Navy and white striped flannel is used for this cardigan-necked blazer, and there are gored patch pockets. It is shown here with a white flannel skirt and navy blue sweater blouse which makes a mighty fine country or resort combination.

Births

HUDSON—To Mr. and Mrs. Kenneth L. Hudson (formerly Olga Dare Merritt), on August 7th, 1947, at Mount Hamilton Hospital, a daughter, Suzanne Dare.

Card of Thanks

Mr. and Mrs. T. Branson, of Port Dalhousie, wish to thank those who went to the assistance of their son who had his hand badly injured at Grimsby Beach on Friday night last.

Engagement

Mr. and Mrs. J. R. McVicar announce the engagement of their daughter, Margaret Anne, to Mr. Thomas J. Prestney, son of Mr. and Mrs. T. S. Prestney, Hamilton. Wedding to take place quietly on September 6th, 1947.

In Memoriam

GODDEN—In loving memory of our dear father, Holden Godden, who passed away August 11th, 1930.

Silent memories, true and tender. Just to show we still remember: And while he rests in peaceful sleep His memory we shall always keep.

—Always remembered by Beatrice and Charlie.

GREEN TREES GUESTS

ST. JOSEPH'S PARTY A GRAND SUCCESS

Favored with ideal weather, the 44th Annual Garden Party of St. Joseph's Church, Grimsby, came to a successful conclusion on Monday evening. Good crowds on each evening apparently enjoyed themselves and when the lights were finally put out all the workers were satisfied with their combined parochial effort.

Father O'Donnell in talking the affair over with your scribe was most grateful to all for their patronage and especially grateful to the local Legion for their assistance in connection with one of the games and also to the Grimsby Firemen for their courtesy in loaning two of their booths and a number of other pieces of equipment. He also expressed his personal thanks to the various merchants

who had made contributions towards the success of the same. The various prize winners in the Main Draw were as follows:-

- 1st Prize—Ticket No. 7602, Mr. James Shepherd, R.R. No. 3, Beamsville.
 - 2nd Prize—Ticket No. 5571, Mr. Melville Howie, Beamsville, Ont.
 - 3rd Prize—Ticket No. 2592, Elcanor Weicker, 19 McGhie, St. Catharines, Ont.
 - 4th Prize—Ticket No. 5679, Mr. Melville Howie, Beamsville, Ont.
 - 5th Prize—Ticket No. 8703, Mr. Frank Rezel, R.R. No. 3, Beamsville, Ont.
 - 6th Prize—Ticket No. 597—Albert Baradzaj, Grimsby, Ont.
- Special Draw for New C.C.M. Bicycle, Ticket No. 173, Mr. Edward Imhoff, Mountain St., Grimsby.
- Special Prize for selling the main winning ticket, Miss Mary Gordon, Main St. E., Grimsby.

FIRST FALL FASHIONS

By ALICE ALDEN

There is an increasing demand for the hat that is a pretty compromise between the dressy design and the smartly casual affair that most of us like for general daytime wear. Laddie Northridge meets this need nicely with this dashing early fall felt made with a high, molded crown and a swinging brim. Of ice blue felt, it is banded with beige grosgrain and wreathed with wide-meshed beige silk veiling. This is the sort of hat that a girl always turns to when she wants to look unobtrusively smart and in the picture.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

County Council meets next Tuesday.

Winona Legion Carnival TONIGHT.

Vivid blue and white will be seen on auto license plates throughout Ontario in 1948. The new plates will bear white letters, topped with a small white crown, on a dark blue background.

Property transfers in St. Catharines for the month of July totaled 126, comprising \$553,754 for 111 and the remaining 15 family transactions at \$1 each. The average remained about the same.

Road Supt. Thos. Mackie of North Grimsby, who was involved in a motor accident on Burlington Beach, two weeks ago, has been exonerated of all blame in connection with the fatality, by police and medical authorities.

Father Nicholas M. Kohut, O.S.B.M., of the Basilian Fathers, who was transferred by the church to Rome a year ago, writes The Independent this week from Dublin Ireland, where he has been for a short time on a special mission. He wishes to be remembered to all his friends and acquaintances in Grimsby and district.

Ald. Wilfred Bald, seconded by Ald. Art Wallis, advised St. Catharines city council Monday night, that at the meeting Aug. 25 a by-law would be introduced to abolish poll tax legislation in St. Catharines. In many Ontario cities poll tax is no longer levied. Tax of \$6 in this city yields between \$5,500 to \$7,000 annually, and it is estimated that it may reach \$8,000 this year.

About 200 persons, veterans of the old 98th Battalion and their families held a reunion picnic at Queenston Heights Park, Sunday. All sections of the two counties of Lincoln and Welland were represented. On account of the difficulty of estimating the number of persons of various age groups it was not possible to arrange a programme of events; however, the old timers had a great time renewing acquaintances. Among those present were: Lt.-Col. Hugh A. Rose, V.D., K.C., Welland; Lt.-Col. J. H. Sandham, St. Catharines; Lt.-Col. R. G. W. Fordham, V.D., of London; Major J. J. Harriman, Niagara Falls; Capt. J. J. Vandersluys, M.C., Niagara Falls. Weather conditions were ideal and all enjoyed the occasion.

WHO REMEMBERS?

(From the Spectator files of Saturday, August 11, 1917.)

A rather amusing incident was brought to the attention of the local police this morning. A Grimsby woman some time ago adopted from a Hamilton woman an infant baby boy. As the child developed it showed unmistakable signs of being of Oriental birth. This morning the woman, unable to locate the mother of the child, brought it to police headquarters and requested that it be taken off her hands. Inspector Pinch, of the Children's Aid Society, took charge of the baby and placed it in the infants' home.

AMERICAN GROWERS VISIT THE DISTRICT

About 200 growers from the Fredonia area of Western New York were in the Niagara District Thursday last inspecting experimental vineyards and orchards and other fruit crops.

Thursday night, the American growers were guests of the Niagara Peninsula Farm Equipment Dealers' Association at a dinner at the Queensway Hotel which was also attended by executive officers of various fruit grower associations in this district.

Travelling by chartered bus, the growers arrived in the district in the morning and went to the vineyard of A. J. Haines, No. 8 highway, where several rows of grapes are in experimental stages under the supervision of Prof. E. F. Palmer, director of the Horticultural Experimental Station, Vineland.

Following luncheon at the Queensway Hotel, the growers proceeded in the afternoon to visit vineyards and orchards of the Bright growers in Stamford, Niagara and St. David's areas.

CRIME DOES NOT PAY DIVIDEND SAYS CADI

Gangsters Who Trussed up Taxi Driver in North Grimsby Get Stiff Sentences.

St. Catharines, Aug. 11—Reginald Farnham and Edwin Thompson, both aged 37, of Hamilton, were given a stern warning in St. Catharines Police Court this morning by Magistrate H. D. Hallett that "crime pays no dividend except punishment" as he sentenced them for the armed robbery of Gordon Baker, Hamilton taxi driver, on July 23.

The magistrate sentenced Farnham to three years and six months in Kingston Penitentiary, and Thompson to 18 months in an Ontario reformatory. Farnham had a long court record and it was Thompson's first offence. J. J. Sullivan of Hamilton, was counsel for the two men. Both men were convicted of holding up Baker with

what proved to be a toy pistol, robbing him of \$30, and also taking his car, leaving their victim trussed up on the roadside near Grimsby.

Magistrate Hallett told Farnham that he had considered imposing lashes but deferred this penalty because Farnham has served over six years for six years, had been drinking the night of the crime and because there had been no serious violence.

POOR, POOR, POOR BEAUTICIAN

Today's beautician, whose main profession is to embellish "My Lady" to highlight her crowning glory with smart hair styles and to instruct the eager seekers of glamor through the intricate art of make-up with artifices of powders, creams and paint, embraces numerous classifications and qualities.

The average operator must have a pleasing personality with a constant smile on her lips. Frowns, scowls, a sullen disposition and temperamental outbursts are not to be tolerated in beauty salons.

The mere hairdresser of yesterday has been replaced by the modern streamlined specialist, who caters to the whims and moods of their clientele.

The operator's characteristics must be comprised of patience, discretion, efficiency, at times assume the role of confessor, adviser, dietitian, social reporter and magician.

We find the customer highly indignant if a style chosen from a pictured hair-do of a Hollywood star (incidentally, whose years and features are as remote to the person in question, as Beauty and the Beast), when the miracle has not been achieved and the mirror fails to reflect a duplication of the sample style. It is definitely, in the beautician's opinion, the fault of the beautician that the phenomenon of rejuvenation and glamor has not been attained. The faithful and tried beautician, who endeavored diplomatically, while realizing the material with which she had to work, fell far short in every specification and who unsuccessfully attempted to professionally advise was rudely informed, that she (the customer) knew just what suited her peculiar type. Poor beautician!

Then we have "My Lady" who insists on a permanent, on hair which has absorbed every shade of the rainbow and through false economy has been repeatedly dyed with unrecommended tints. Invariably the helpless operator has dire results—either the crowning glory burns, falls out, or, if the client is fortunate, remains an unsightly kinkiness. Poor beautician!

Now there is "My Lady" with the golden curls and domestic difficulties. Long tales of woe and grief are poured into the ears of the patient beautician, who is bound to secrecy. However, the confessor, more often than not, has previously confided her troubles elsewhere and goldlocks hears of her personal affairs being discussed. Who does she blame?—the poor beautician.

And again, if this example of all virtues (the beautician) fails to impart local gossip, social slander or community scandal—she fails to conform to her duties and experiences a loss of trade. Poor beautician.

And lastly, the conscientious and illustrious housewife who extols at length on the virtues of her children, whose perfection excels all others (regardless of being the neighborhood brats); further, elaborates in full details, giving minute descriptions of her pet recipes for

Legion Auxiliary

A reply to a letter of enquiry regarding care of graves of veterans of World War I who died overseas, has been received by Mrs. Lester Larsen, Secretary of The Ladies Auxiliary, West Lincoln Branch, Canadian Legion.

The local branch is informed that if any member is in doubt as to whether the grave of husband or son is being cared for, she may hand in to Mrs. George Warner, or to Mrs. Larsen, the number of the grave and the name of the cemetery. The proper steps will then be taken by Mrs. Lawrence, Secretary, Provincial Command, Toronto, to ascertain that such graves are receiving the necessary care.

Welcome

SPORTOLOGY

(By Bones Livingston, Sportologist)

WINONA ARE THE CHAMPEENS—After a strenuous two game series against SMITHVILLE that crack little team from WINONA emerged victorious and are now the acclaimed champions of the FRUIT BELT League. In the first game they triumphed over their southern cousins by an 8-7 score and came back on Wednesday night last to grab off the second stanza by 5-4. Congratulations, boys, but remember the story might have had a different ending if OLD SMOKE McBRIDE'S gang had not lost the services of their pitching ace, GORDIE BUCHAN. PREXY TOM COLLINS and his League executive have guided the ball boat through a most successful season and with four teams of the league taking a crack at the immediate series "C" in the O.A.S.A. playdowns the league should at least go some place in that battle of bats.

A CASE OF SUN STROKE—Another Grimsby crew of lawn bowlers brought home a big silver cup on Saturday. BROCK SNYDER, ARTIE CLARKE and HARVEY TUFFORD of Beamsville, playing in the Irish Doubles at Fernleigh Club, Hamilton, copped the HIRAM WALKER cup in handy fashion. . . . Don't forget the MIKE SWEET benefit ball game at the public school grounds TOMORROW night. . . . PEACH KINGS of the hockey variety with their wives, kids and sweethearts held a picnic on the lake shore at Fruitland on Sunday. The boys received their new windbreakers at this time and they are pretty snappy outfits. . . .

PEACH BUDS PLAYING IN THE JUNIOR O.B.A.

At the Public School ball diamond on Saturday afternoon the Grimsby Peach Buds hardball team goes into action in the first game of their playdowns in the Ontario Baseball Association junior series. And lo and behold! Who do you think they are to meet in this first round? No less a personage than their old mentor "Big" Rushton from Dundas and his Valley City kids. The big lad they claim has a fair bunch of horsehide tossers and will give the local lads plenty of action.

The return game will be played in Dundas on Thursday of next week. The Buds have not had much opportunity to show their wares this season as they drew a bye in the O.B.A., but they have been practising consistently and are raring to go from the drop of the hat and give their old teacher an exhibition of real ball as well as trimming up his new team.

Be at the ball grounds on Saturday afternoon and give the Buds a boost.

DATES ARE SET FOR SOFTBALL PLAYDOWNS

In the first round of the Intermediate "C" series of the O.S.B.A. playdowns the Fruit Belt entries have been drawn as follows:

Monday, August 18th
Grimsby Mountain at Winona.
Grimsby at Beamsville.
Smithville at Fonthill.

Wednesday, August 20th
Winona at Grimsby Mountain.
Beamsville at Grimsby.
Fonthill at Smithville.

If, in any case, a third game is necessary the two teams involved will flip a coin for choice of playing field, and the date will be August 22nd.

Ho, hum! Foreign affairs continue to be mostly foreign to most people.

Ho, hum! Traffic lights seem to be forever red instead of forever amber.

TO STAY IN NAVY

Lieut. Philip Mountbatten, whose marriage to Princess Elizabeth has been given the King's consent, does not intend to leave the royal navy for the present. He has returned to his ordinary duties at the petty officers' training centre at Corsham, Wilts. He's shown here saluting as he reports to his course officer.

MOTORCYCLE RACES AT BEAMSVILLE SATURDAY

In its first big post-war racing attraction, Beamsville Fair Grounds will be the scene of motorcycle races on Saturday afternoon, August 16. A large crowd is anticipated by the Beamsville and District Chamber of Commerce and the Black Hawks Motorcycle Club of Hamilton, sponsors of the meet.

Handy to all centres between Hamilton and Niagara, the races will be staged on what motorcycle racing enthusiasts have described as one of the best tracks in Ontario. Riders from many clubs are making arrangements to compete for the \$500 prize money. These dare-devil motorcycle men have a large following and accommodation is being planned for a record turnout of fans.

Proceeds of the meet are to be used by the local Chamber of Commerce for its fund to provide modern street signs throughout Beamsville.

Life nowadays is just one soap opera after another.

"THE MASKINONGE" after a painting by Shelley Logier.

The Maskinonge, king of Canada's fresh-water fighters, is fast disappearing from many of our lakes. As a result, thousands of fishermen are availing themselves of modern transportation to reach hitherto inaccessible northern waters. True sportsmen at the same time realize that even in these new areas, the supply of fish is limited. They welcome and conform with legislation providing for the conservation of the "muskie".

"Boatmen and baitmen, hotel-keepers and guides feel the pinch when the fisherman drives further north because he can catch nothing but perch and sunfish in the lake that used to teem with bass and maskinonge."

* An excerpt from—CONSERVATION AND CANADA'S GAME FISH by G. C. Toner, M.A., one in a series of pamphlets published by The Carling Conservation Club.

ANGLING CLUBS—Conservationists

By assisting in the work of restocking lakes and streams with game fish, angling clubs become an important factor in conservation.

TWO COATS IN ONE MODEL

By PRUNELLA WOOD

This handsome coat with the flaring back, the full length, the expertly welted shoulder and pocket details, is really two coats in one, for it is provided with a woolen inner coat which zips out or in handily, to take care of the thermometer's whims as seasons change.

The fabric is elegant . . . a pure wool doeskin suede which is handsome in soft neutral or brilliant high colors.

Mainly For MILADY

STRICTLY CANADIAN

By CLAIRE WALLACE

The correct handling of our flag, or flags of other countries, often troubles people, particularly clubwomen, who have to carry or hang the flag in a hall but are not sure of the right technique. It is easy to commit errors in this way and even unwittingly offer insult to our country. So to refresh the minds of all on flag etiquette, here are some pointers:

"We'll never let the old flag fall" is the right idea for it shouldn't be allowed even to touch the ground when we handle it. Nothing but a Bible should ever be placed on the flag and don't put the flag in a position where it can be struck by a gavel or any other object. In hanging the flag, it should not be draped but hung in straight lines. If you must have draped decoration in the hall or room where a meeting is being held and you want the motif patriotic, use red, white and blue bunting—not the flag. Remember, too, that the Union Jack is correctly hung with the broad, white stripe at the top, nearest the flagpole.

Correctly, the flag is not flown after dark. When flags of several countries are displayed together, it is etiquette for all the flags to be the same size. The flag of the home country is placed either at the left, as seen by observers, or should centre the display.

While the flag is being carried past, every pedestrian should stop, everyone sitting should rise, and every man uncover his head.

It is a breach of etiquette to embroider the flag on cushions or handkerchiefs and one of the things you never do is wear the flag as whole or part of a costume. And here's a tip: If you are wearing a badge of a flag—pin it on the left side, over the breast or on the left lapel of the collar.

When soiled, tattered or torn, the flag should not be washed or ironed but respectfully destroyed by committing it to flames. As the song says "for we love it the best of all."

Question and Answer Department: My friend Marge telephoned the other evening to say a beau had tickets for a certain show and had invited her to go. Unfortunately, Marge had already been to the play and her problem was whether to accept the invitation and sit through it again or to tell the young man in a nice way that she had already seen it.

ANSWER: I think honesty is the best policy in a spot of any kind and advised Marge to tell the young man she had already seen the show. She still might enjoy attending it again, but if not, the young man would have the opportunity of exchanging the tickets and taking her to something they both would enjoy. Marge just had to take the chance that he would say "too bad" and invite another girl. Even so, he would probably appreciate her honesty enough to ask Marge out soon again.

"Misty" S., Montreal, writes: "If you are called from the table during dinner, what do you do with your table napkin? Should you drop it on your chair or leave it on the table?"

ANSWER: Don't drop it on the chair. Partly fold the napkin so it is neat and place it on the table at the right-hand side of your plate. That signifies you have not finished your meal. Otherwise, you would place the serviette at the left.

This brings up another etiquette point that often puzzles. At a formal dinner party, do you unfold the table napkin entirely? No, the table napkin is unfolded to just half its size and then placed over the lap.

Readers are invited to write Claire Wallace about their Etiquette problems. Address Claire Wallace, care The Grimsby Independent, Grimsby, Ontario, Canada. Replies will appear in this column.

HOW TO MAKE BEDS THE CORRECT WAY

Making the family beds is an automatic part of each day's work for most homemakers. It may never occur to many busy housewives that there is a "best" way, a scientific way to make a bed and that cultivating the proper method is of tremendous importance to the family health and well being.

The basic requirement for a comfortable, well-made bed is of course, a good mattress and spring which are free from bumps and sags, and are properly resilient. To equalize wear, a mattress should be turned, either from side to side or from top to bottom, every other week, at least, while the spring should be turned about twice a year.

After the bedding has been aired, the mattress pad should be carefully replaced and be entirely smooth. The bottom sheet is laid over this and tucked under the mattress at the ends. The corners are then made in proper hospital fashion, and the side tucked in.

Six inches should be allowed for tucking in the blankets and the top sheet at the foot so that they will not be kicked loose. Blankets which come within twelve inches of the head of the bed let the sleeper dream in complete comfort, without having to struggle to keep his shoulders covered. A wide cuff of the top sheet turned down over the bedclothes will protect the blankets from soil. And, by the way, have you looked at the handsome summer blankets now in the shops? Good values, and a big aid in summer sleeping! Fluffy, buoyant pillows add a final touch to the well-made bed.

The proper pillow is vital for sleep comfort. Before placing pillows on bed, they should be gently plumped up, forcing air through the feathers. Pillows should never be manhandled or beaten for that will only break the feathers and destroy their resiliency. Discard old pillows; these are antiques that have no value, no place in any scheme of things. Look upon fresh, clean, buoyant pillows as an investment in health and comfort that will pay increasing dividends.

HYDRO SPEEDS NEW POWER PLANTS

Hydro is pushing construction to meet the pressing demand for more electricity. The above huge generator will soon pour an additional 70,000 horsepower into the Hydro system from the DeCaw Falls plant near St. Catharines.

Two other larger plants in eastern Ontario, now under construction, will deliver 81,000 horsepower next year and 360,000 horsepower by 1951. These two major developments, with the DeCaw Falls addition, will provide Ontario with a further badly needed half-million horsepower.

The growing output of Ontario's industries and farms benefits everyone but calls for more and more electricity. Even now that the war is over, the demand has not slackened but continues to mount. Hydro's peak load increased by more than 500,000 horsepower over the highest wartime demand, an increase of 25%. Generating plants take a long time to build and could not be started during the war.

Few places in the world have as much electricity available per person as Ontario. However, we must use our electricity sparingly so that all homes, all farm services and all industries will receive their share.

Will you do your part? : : : USE HYDRO
WISELY and we will be enough for all.

Hello Homemakers! Are you serving your fresh fruits just as they come? So many of them — blueberries, raspberries, peaches and apricots — need no sugar at all. Prepare, wash and chill. An hour in the refrigerator will make a fresh fruit extra luscious or set a dish of fruit in a larger bowl of crushed ice. Sweeten the cream if necessary to suit the "sweet-tooth."

IDEAS FOR FRESH FRUIT

1. Fresh pears stuffed with cottage cheese mixed with a little minced peel can be served on crisp lettuce and topped with mayonnaise.

2. Cantaloupe sliced in short pencil-sized pieces is attractive mixed with apple cubes which have been dipped in lemon juice.

HONEY RASPBERRY DELIGHT
2 tbsps. gelatine, ½ cup cold water, 1½ cups milk, ½ cup honey, 3 tbsps. lemon juice, 1½ cups red raspberries, 1 cup whipping cream.

Soak gelatine in cold water for 5 minutes. Scald milk and pour it over the gelatine. Stir until the gelatine is dissolved. Cool. Mix honey and lemon juice and stir in the milk mixture. Chill and when it begins to set add the whipping cream and raspberries. Pour into 8 custard cups. Place in a refrigerator until very cold. Serve in the custard cups.

ORANGE CANTALOUPE COCKTAIL

2 medium cantaloupes (3 cups cantaloupe balls), mint sprigs, 1 cup orange juice, 2 tbsps. lemon juice.

Cut cantaloupe into ball-shaped pieces with a French ball cutter. Mix together orange and lemon juice. Pour over the cantaloupe balls. Place in six dishes. Chill. Serve in the glass cups and garnish with sprigs of mint. (Serves 6.)

FLUFFY PUDDING

1½ cups milk, ½ tsp. salt, ¼ cup light corn syrup, ¼ cup quick-cooking wheat cereal, 1 egg, separated, ¾ tsp. almond

extract, 2 tbsps. sugar.
Scald milk; gradually add cereal and salt; cook over boiling water 20 minutes, stirring occasionally. Add egg yolk, corn syrup, almond extract; beat well. Whip egg white stiff; gradually add sugar, beating constantly. Fold into cereal mixture; chill in electric refrigerator. Serve with sauce. Yield: 4 servings.

RASPBERRY SAUCE

Pick over 1 pint raspberries; wash and crush. Add ¼ cup sugar and ¼ cup water; bring to boiling point; simmer 5 minutes. Press through sieve and chill.

TAKE A TIP

1. To prevent fruit from floating in gelatine base desserts, let the gelatine mixture chill to a syrup thickness — the consistency of molasses — before adding the fruit.
2. Save all juices and syrups to make dessert sauces and give added flavour to chilled drinks.
3. To keep cut apples, peaches and bananas from turning dark, dip them in lemon juice.
4. Sprinkle a little fruit sugar on berries to draw out the juices before chilling them for short-cake.
5. Dip oranges and grapefruit in hot water for 2 or 3 minutes, then in cold water; the peel and white membrane may then be easily removed. Chill fruit before serving.

THE QUESTION BOX

Mrs. C. M. asks: Which is the best way to make iced tea?

Answer: There are two accepted ways to make iced tea: take your choice. (1) Pour double-strength hot, fresh tea over glasses filled with ice cubes or crushed ice. The ice chills and dilutes the tea at the same time.

Or (2) cool average-strength tea before serving time. Then pour it over glasses half-filled with ice.

Mrs. D. G. asks: What is the secret of making a "short" pie crust?

Answer: Our neighbour says that chilling the pie dough for even an hour will do the trick. It should be wrapped in wax paper and placed near the freezing unit of the electric refrigerator to chill quickly.

Mrs. S. R. asks: How can you prevent the skins of plums from bursting during the canning process?

Answer: Prick with a fork or darning needle when washed. Anne Allan invites you to write to her c-o The Grimsby Independent. Send in your suggestions on homemaking problems and watch this column for replies.

EX-PEACH KINGS

The one and only "Boob" Schwab who has almost as many years in baseball and softball as the great Connie Mack, will be the field general of the all-stars and he has lined up a smart bunch of horse hide tossers to give the Teepees a whale of a game. His line at the present time is:

Pitchers—Gordie Buchan, Grimsby; Russ Tufford, St. Catharines; (an old Peach King); Johnny Belcot, Smithville.

Catchers—Mel Smith, Grimsby; Wonkie Mattison, Burlington; Book of Smithville.

1st Base—"Red" Mason, Grimsby.

2nd Base—Metcalf, Grimsby; Mounties; Murray Comfort, Smithville.

3rd Base—Carpenter, Winona.

Shortstop—Kopulous, Winona.

Left Field—Souter, Winona.

Centre Field—Gregory, Grimsby; Lane, Smithville.

Right Field—Collins, Winona.

Umpires in all probability will be Father B. A. O'Donnell and Wray Fisher.

An admission fee of 25 cents for adults and 15 cents for students will be charged at the gate, as the snow fence that will be used by the Grimsby Legion team in the O.A.S.A. playdowns will be in place.

This game is being played for a worthy cause, that is why so many ex-Peach King ball players and hockey players, and present day Peach Kings are so anxious to give their services. Mike Sweet for a whole lot of years has given of his time, his work and his little mite of money to train hockey players and ball players. To look after their aches, pains and growings. Now the lad himself is in need of help and it is up to the Peach King supporters in this district to attend the ball game tomorrow night. They will see a great game and they will be helping little Mike out of his trouble.

NEW MINIMUM RATE

parking sign will be erected at this point.

Fame travels fast these days. A perusal of township correspondence shows that already County Clerk W. H. Millward and the Hydro Electric Commission are addressing letters to J. Gordon Metcalfe as Township Clerk, although he does not take office until October First.

Tax Collector Vic Thompson reported that from April First to July 31st, only \$533 in tax arrears had been collected.

Joint Fire Committee accounts for \$21.09 were passed.

Water consumption in the west end for July was 717,000 gals.; east end 2,045,000 gals.

During the past three years council has made at least four attempts to have the Department of Highways declare No. 8 Highway from Kelson Avenue on the east to Hunter's Road on the west a "built-up area" and the speed limit at 30 miles an hour. Such a resolution was passed at the July meeting of council. At present it looks as if the council's action along this line will be in vain, as the following letter explains:

Mr. Thomas W. Allan, Clerk, Twp. of North Grimsby, R. R. No. 2, Grimsby.

Dear Sir: Acknowledging your letter of August 1st in the absence of the Honourable G. H. Doucet, Minister of Highways, the writer notes the Resolution of the Municipal Council requesting the Department "to declare the area on number eight highway between Hunter's Side-road on the east and Kelson Avenue on the west to be a built-up area." The Department does not declare areas as being 'built-up' but recent amendments to the Highway Traffic Act automatically bring an area where fifty per cent of the frontage is 'built-up' within the provisions of the thirty mile the speed zone, in the same manner as speed zone, in the same manner as incorporated cities, towns, villages, etc. are thirty mile limit areas.

The writer will be pleased to have this matter investigated by our Division Engineer and a report made on the Council's request. If made on the Council's request, of the number and proximity of buildings along the highway, however, do not fulfill the requirements of the Act, it would not be possible for the Department to comply with the request of the Council.

Yours very truly,
J. D. Millan,
Deputy Minister.

Winona Farm Labor Co-operative Ltd., were granted a building permit for the erection of a one-storey frame building on No. 8 Highway west, opposite Kelson Avenue, at a cost of \$4,000.

Trustees of the Park school requisitioned council for \$10,996.14 for school expenses for this year. Of this amount only \$2,926.26 will be levied on the taxpayers, the balance of the amount is made up as follows: surplus \$3,319.98; Township grant \$1,600; Legislative grant \$2,900; other sources \$50. Teachers' salaries at this school total \$7,270.

Hagar's school will require \$6,

591.91, of which amount the tax levy will be \$2,579.94, the balance being made up of surplus \$1,553.37; township grant \$1,000; Legislative grant \$1,150; other sources \$17.60. Teachers salaries at this school total \$3,304.

GRAPE GROWERS

that year. It was brought out at the meeting that the arrangement had worked to the advantage of the local here for some years.

Under a new scheme, Col. T. L. Kennedy, Ontario Minister of Agriculture, has set up a Grape Marketing Board trial for one year for all grape growers to market their grapes at a price fixed by arbitration between the wineries and the growers, with a government man stepping in for final decision if necessary. The locals were promised a vote in which, if 67 per cent of their members favored joining the marketing scheme, they would automatically come under it and be subject to its rulings. It was brought to light at the meeting that there had been no vote taken and the local was brought under the Marketing Board. The Board had appointed a member to represent the Beamsville-Vineland local as one of their directors when no official sanction had been given by the local for that move. The member is D. G. Laundry who is also the secretary of the local here.

There was some discussion at the rather heated session as to any advantage the Marketing Board would have over the arrangement with the L. C. B. Six members came out and said that they were for the marketing board method as it had worked successfully with other commodities such as hogs, asparagus, peaches, cherries, plums, etc., and it should be suitable for grape marketing. Mr. Morley said that if it were the desire of the local to join the marketing board he would work for the interests of the growers but that he didn't think this unfair way of coercing them into that board was acting in a democratic way because of the previous promises made and not carried out, and that the local should fight this action on the part of the government with all the vigor they possessed. The overwhelming majority of the members agreed with him by a vote taken.

In short address Grant Laundry said that as representative of Clinton Township he had attended the meetings of the marketing board at St. Catharines. He said that Mr. Perkins of the Department of Agriculture, and head of the Marketing Board, had promised that a vote would be taken and meetings held around the district. So far no ballots had been sent out and Hon. Tom Kennedy had pushed legislation through putting the Board on trial for one year. Laundry held him to blame for riding rough shod over locals.

G. V. Cook claimed that Col. Kennedy, who is now in England, was working in the interests of the farmer and if he had passed the legislation it was in the best interests of the growers.

The treasurer's report showed that there was a bank balance of \$180 at present and that there were 82 paid up members for 1947. A restraining order has been put on the account in the Canadian Bank of Commerce, Beamsville, providing that no one may draw funds from it without the signatures of both the president and secretary.

The delegation who will take the petition to Toronto and present it to the Lincoln M.L.A. Hon. Charles Daley are: John Porter, Russell Culp, Richard Morley, Grant Laundry, and Sim House. The petition was signed by 40 of the 46 members at the meeting.

REAL ESTATE

The Grimsby Flour and Feed Mill owned by Thos. E. England and Geo. L. Furness has been sold by Harvey Garland, Representative for A. E. LePage, Realtor, Toronto, to Mr. W. L. Byford, Grimsby.

Mr. Nicholas H. Saunders, new Asst.-Principal of Grimsby High School has purchased the recently completed new home of Joseph Hands at 40 Oak street and with this family has already taken possession.

The pioneers should have had a quiet and peaceful life. There were no neighborhood juke boxes in the old days.

You can tell when a woman has enjoyed her shopping tour. She has an arm full of packages and is tired beyond words.

HEWSON'S COAL

CONTINUATIONS

From Page One

PROMINENT DISTRICT

Born at Springvale, he was the son of the late William Elmore and Mary MacDonald. He was in his 64th year. In 1908, he graduated from the University of Toronto, and after a year's internship at the Hamilton General Hospital, he began his practice in Campden, where he resided, and in Beamsville, where he maintained an office. In 1913 he moved to Beamsville, where he has resided ever since.

Dr. Elmore had not been well for some time and it is believed his death was hastened by an accident in which he was involved about three weeks ago. During the past year, he had retired more and more from public life, carrying on only with the most essential of his duties.

He was a member of the United Church, and a member of Ivy Lodge, A. F. and A. M. Surviving in addition to his widow, the former Irene S. Adams, are five brothers, John, Stanley, Wallace and Magistrate Thomas Elmore, K.C., all of Toronto, and Bruce, of Winnipeg.

The funeral will be held from the family residence, King Street Friday afternoon, at 2.30 o'clock. Entombment will be made in Victoria Lawn Mausoleum, St. Catharines.

TOWN COUNCIL

Peach King Dairy full authority to deliver milk in the Town of Grimsby. That Thompson and Son have been fully licensed by this council as far as the town is concerned and it is not the intention of this council to cancel this license, and that they are opposed to a monopoly in this connection.

Hewitt-Price — That this council grant Thompson and Son a license for the delivery of milk and dairy products in the Town of Grimsby, under the standards of the Ontario Milk Board as usual.

That settled the milk question other than it would have been a good thing for the would-be dictators that sit on that Board to have been listening-in and heard the remarks that council members had to say. And those council members

CROSS MY HEART

BETTY (SPITFIRE) HUTTON AT HER BEST!

speak for the people as a whole.

Another contentious question came before council when Acting-Chairman of the Board of Works, Councillor Ingelhart made his report. He brought in a most complete report on the streets and what could be done with those streets under the new governmental subsidy plan. The bombshell that turned the council and press sideways was his proposition to buy the oft-time debated Hewson property on Livingston avenue, fronting on Main street, at the top of Palmers hill.

Under Mr. Ingelhart's proposition the property could be bought for \$1,000. Under the new governmental arterial road set-up 50 per cent of that, and all other construction work on Livingston avenue up to a certain point would be paid for by the government. That would also include sewers and curbs, but only so much of that work could be done this year and possibly next year.

Councillor Bonham, while he voted for the motion that agreed to purchase the property and go ahead with the work, had Councillor Ingelhart on the griddle for about 20 minutes, asking sensible questions, but from the press table they looked to be a little too far in the future, unless Councillor Bonham expects another Ontario election in 1948. That might be possible.

The whole argument hung on the fact that Grimsby could have spent \$17,000 on roads and streets this year and got back 50 per cent of it. After all explanations on that point were made, Councillor Bonham and Mayor Bul were still opposed to the purchase of the Hewson property.

Finally the following motion was placed on the table and carried 11th Councillor Bonham voting yes with all the other members, yet Mayor Bul sticking to his arms and voting nay.

Ingelhart-Hewitt—"That we accept A. Hewson and Son of-

er for the sale of the Livingston street property for the use of widening of street and that Mr. Bourne, Town Clerk, notify the Town Solicitor to draw up a by-law for purchase of property, also deeds for same, also to advise Mr. Ure to make up description and survey of property."

Mr. Ure will also be instructed to make a survey for building streets and curbs on Livingston avenue including Hewson property for local improvement purposes.

Just to put a little sunshine into a drab, hot night, Reeve John Hewitt informed council that the amount of money to be paid to the County of Lincoln would likely be around \$18,000, instead of \$22,000 that council provided for. According to the Reeve at least a mill and a half would be saved, if not a little more. That was welcome news.

Assistant-Clerk Fred Jewson was doing the Clerk's honours owing to Clerk G. G. Bourne being away in the North trying to catch big ones. Councillor A. B. Bourne was absent from his usual seat for the same reason. Councillor Chivers was absent through illness and council granted him three months' leave of absence.

Mayor Bul informed council that at the September meeting a new bylaw would have to be drafted regarding the gas franchise now held by the Grimsby Natural Gas Co. The term of their present franchise running out this year.

His Worship also stated that the I.O.D.E. were preparing an Honour Roll of all Service Men and Women and will turn it over to the Public Library.

Councillor Bonham wanted to know about the sewage disposal plant and the progress being made on the new sewer projects, Mayor Bul stated that he had expected the Department of Health engineers present at the meeting, but they had not shown up.

The bylaw for the construction of sewers on Gibson avenue has

been approved by the Department of Municipal Affairs and it is expected that this work will be gone on with as soon as the work on Kingsway boulevard is completed. At the request of the ratepayers concerned, a new sidewalk will be laid on Oak street, west side, south from the end of the present sidewalk, under the local improvement plan.

Joint Fire Committee accounts for \$52.89 were passed. General accounts for \$710 and relief accounts for July amounting to \$72.57 were ordered paid.

Mayor Bul announced that there had been new seats and tables placed upon the Municipal Grounds for the use of citizens and tourists, these being made by the men of the Water Works Department. Council passed a letter of appreciation to the men concerned.

That announcement brought forth a lot of argument. Councillor Alton, while he agreed with the idea, did not think that the grounds should be torn to pieces by the children when there was a playground at the end of Murray street, the Public School grounds. That argument gave Chairman of Property, Robert Johnson, a chance to get his oar in and demand why there was a cow-path across the Municipal Grounds. The up-shot of the whole argument was that signs will be posted at each end of the "cow-path" prohibiting trespassing, also at the top of Palmer's hill, and shrubs will be planted and both places beautified.

At this juncture Tax Collector Jewson came to the surface with a bright ray of light to the effect that current taxes collected amounted to \$57,644. Arrears and current taxes to the end of July were \$56,968.

Building permits were granted to the following:

H. House, 156 Main west. A shop, one storey, wood, cost \$300. Karl Olekuch, 18 Depot street, covering two-storey house with insul brick, \$500.

Frank E. Russ, covering building at 22 Main east with insul brick, \$200.

Wm. Moore, 22 Elm street, repairs to home and covering same with insul covering, \$600.

Metal Craft Co., a dead storage addition to factory, \$600.

John Chivers, 23 Oak street, repairs to house, \$125.

J. Senyk, repairs to house, \$25.

Mrs. Mildred Layton, Robinson street north, additions and repairs to house, \$500.

It is now half past two in the morning, the Editor of The Grimsby Independent is going home to sleep.

TEA GOES UP

So far as is reported, not a single teacup reader forecast that jump in the price of tea.

In the golf season, many tee off and, with that stiff price increase, not a few will be off tea.

Now for the song of the reformed tea addict: "So long, Oolong."

Watch for the tea hoarders to storm the shop shelves, doing their familiar strip-tease.

It will put a crimp in social life, too, if nothing is poured but rain.

Some housewives will perform like snooty golf pros. They will practically ignore the caddy.

Once again the British consumer is menaced by the leaves. First tobacco, and then tea.

If a man is famous enough to publish a book under his name, he usually has enough money to get someone to write it for him.
